Charlestown, MA 02129

Dear Ms. Zettel,

The board of CharlestownDogs is in full support of a Master Plan for the current and future planning of Charlestown's building, roadways, public transportation, infrastructure and environmental health. The development and adherence to a Master Plan will not stop development or improvements, but will instead provide a thoughtful and responsible framework to preserve a great town in a great city. We appreciate the leadership of the CPS in the effort.

With our thanks and support,

Christopher Lovell, President
CharlestownDogs, Inc
(a 501c3 organization)
