Dear Ms. Zettel,

The Charlestown Mothers Association is a 501(c)(3) non-profit organization committed to supporting our members as they raise their children in the Charlestown neighborhood of Boston. As our community continues to grow and change, and new developments emerge in our community, we are already beginning to see the effects on schools, transportation, and athletic fields.

The Charlestown Mothers Association supports the Charlestown Preservation Society's call to create a Master Plan for Charlestown. We look to ensure that any current and future developments in our Charlestown neighborhood are done within a framework that considers the impact on our schools, roads, transportation, park and field space. We hope that the BPDA will work with the residents of Charlestown and representatives of the non-profits that serve our neighborhood to ensure that all interests are considered as the community continues to grow as part of the City of Boston.

Respectfully,
The Board of the Charlestown Mothers Association
