

247 Bunker Hill Street

247 Bunker Hill Street is a three-story red brick (now painted) Greek Revival house. It has a gable roof and a four bay sidewall with linked chimneys. Infill bricks replace commercial space, which had been added (?date), and removed since 1968. There is a modern entrance on the end wall, Bunker Hill Street façade.

From the Massachusetts Historical Survey. The building was not included in the Boston Landmarks Commission Survey.
